JR. HIGH SOCIAL STUDIES

Blue pocket folder

*Trappers are not always a good choice. Often they add to a student's disorganization.

It is suggested students think about color-coding notebooks and folders to subject areas for easier organization. Science is green, social studies is blue, math is yellow, LA and reading are red. Please realize students will need supplies to work on school projects/assignments at home also. Create a "tool-kit" for them. It may have pens/pencils/markers/colored pencils/paper/scissors/glue. A dictionary is a very useful tool, if you do not have access to the internet.

Students may be asked to bring other items for classroom use, once the year has started.
