## **Welcome to Dallas City Elementary School**

On behalf of the faculty and staff of Dallas City Elementary School, welcome! As members of the Dallas City Elementary student body you will be expected to follow all guidelines and policies that are established for the welfare and well-being of all.

Take good care of your school and feel free to make suggestions for improving it. You will be expected to act like responsible students and conduct yourself in a manner that assists you to develop appropriate and useful skills for the future. Throughout your life you should be looking toward the future, but hopefully you will also have memories of the enjoyment and good experiences you have had as a student at Dallas City Elementary.

This handbook is presented as a source of information that should be of assistance to you during the upcoming school year. It is meant to be helpful to students, parents/guardians and staff members as we cooperate in planning for a successful and satisfying school experience. The ultimate goal of education is to help each student work toward becoming a self-sufficient and productive member of our society who accepts responsibility for his or her own actions and who respects the individual rights of others. We hope you will participate in many of our school's varied activities and thus find those things that will help you prepare for your future as an effective member of our school and society.

When violations of school disciplinary rules and regulations occur, it is the responsibility of involved teachers and administrators to work with the student, his/her parents/guardians and other support personnel to help the student correct his/her behavior. All disciplinary actions shall be directed toward protecting the welfare of the school community as well as helping the student develop self-discipline. When determining the response for a specific violation of discipline, school personnel will consider the nature of the act, the student's previous history, his/her age and maturity, any mitigating circumstance and the effect of his/her actions on the welfare of the school community. Disciplinary responses may include, but are not limited to, the actions described in this handbook.

Remember, as in most other circumstances the success you have in school will be directly proportional to the level of your individual effort.

We look forward to helping you achieve your educational goals!

### **School Operations During a Pandemic or Other Health Emergency**

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.

### **Complaints and Grievances**

It is the goal of the district to resolve parent/guardian complaints and grievances at the lowest level. Parents/guardians are encouraged to address problems by following the Chain of Command. These steps should be followed when encountering a school concern.

- Step one- Begin by talking with the teacher or adult in charge of the area
- Step two- If you are not satisfied, make an appointment and discuss concern with the Principal
- Step three- If there are further questions, make an appointment and discuss concern with the Superintendent
- Step four- Communicate concern with the school board

### **Equal Opportunity and Sex Equity**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the superintendent's office.

### **Residency Requirements**

Only students who are residents of the district may attend the Dallas Elementary School without tuition charge, except as otherwise provided for in State law. A student's residence is the same as that of the person who has legal custody of the student.

Provisions of attendance provided by State Law are:

A person asserting legal custody over a student who is not the child's natural or adoptive parent shall complete a signed statement, stating: a) that he /she has assumed and exercises legal responsibility for the child, b) the reason the child lives with him/her, other than to receive an education in the district, and c) that he/she exercises full control over the child regarding daily educational and medical decision in case of emergency.

The child's natural or adoptive parent, if available, shall complete a signed statement or Power of Attorney stating: a) the role and responsibility of the person with whom their child is living, and b/ educational and medical decisions in case of emergency.

A student whose family moves out of the district during the school year will be permitted to attend school at Dallas City Elementary for the remainder of the year without payment of tuition. Parents will provide transportation.

### **Homeless**

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Any homeless child shall be immediately admitted even if the child or child's parent/guardian is unable to produce records normally required to establish residency.

### **Accommodating Individuals with Disabilities**

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

### **Students with Food Allergies and/or Chronic Illness**

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (217) 852-3201.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

### **Diabetes Management Assistance**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be created and submitted to the building principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

### **Suicide and Depression Awareness and Prevention**

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, is posted on the school district website. Information can also be obtained from the school office.

### **School Breakfast and Lunch Program**

A breakfast and lunch program is available to students of the district. A nutritious meal is provided each day with a variety of foods being served. The monthly menu is available on our webpage and in our school foyer.

Milk	\$0.35
Breakfast	\$1.25
Student Meal	\$1.80
Adult Meal	\$2.50
Extra Entrée	\$1.35

Our district has reapplied for the Community Eligibility Program. If we qualify, all students will receive free breakfast and lunch.

Students eating cold lunch from home may purchase a carton of milk. Students are not allowed to have soda pop with their lunch.

### **Treats and Snacks**

Due to safety measures in place due to COVID-19, bringing or sharing refreshments in the classroom or during meetings is prohibited in order to limit the risk of contamination. Birthday treats, snack items, candy, and drinks will not be permitted until our area reaches Phase 5.

The following information applies ONLY when our area reaches Phase 5. Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks shall not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

### **Visitors**

The safety of our staff and students remains the district's primary concern. During the regular school day, Dallas City Elementary will not allow unannounced classroom or cafeteria visitation. Parents and caregivers are encouraged to make appointments to visit with teachers.

To help prevent the spread of the virus and reduce the risk of exposure to our staff and students, we are conducting a simple screening questionnaire and temperature check. Participation is important to help us take precautionary measures to protect you and everyone in the building.

Visitors must wear a face mask and wash hands or use hand sanitizer and complete a screening questionnaire prior to entry into the school.

15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

### **School Volunteers**

Some teachers utilize volunteers in the classroom. The individual teachers make this decision, notify parents and schedule agreeable times to volunteer. For school-wide volunteer opportunities, please contact the building principal. Volunteers are required to check in and out at the main office.

### **Video and Audio Monitoring System**

A video and/or audio monitoring system may be in use at Dallas City Elementary and on school buses. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

### **Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

### **Invitations and Gifts**

Students who would like to pass out invitations to classmates may do so at school ONLY if all students in the class are invited. Gifts between students may not be distributed at school.

### **Field Trips**

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to disciplinary actions.

All students who wish to attend a field trip must receive written permission from a parent or guardian. Students may be prohibited from attending field trips for any of the following reasons.

- Failure to receive appropriate permission from parent/guardian or teacher.
- Failure to complete appropriate coursework.
- Behavioral or safety concerns.
- Denial of permission from administration.
- Other reasons determined by the school.

### **Fundraising**

Students may raise funds for school-sponsored events with permission of the administration and the student's parents/guardians. Students who do not return collected funds will be denied participation in future fundraisers until the funds are returned. Fundraising by students for events that are not school-sponsored must also be approved by the administration.

### **Search and Seizure**

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects.

### **School Property and Equipment as well as Personal Effects Left There by Students**

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

### **Student Search**

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

### **Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

### **Questioning of Students Suspected of Committing Criminal Activity**

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

### **Personal Belongings**

Please mark all items brought from home including back pack, jacket, lunch box etc. Students should not bring items to school of sentimental or monetary value. Trading and/or buying of personal items between students is not permitted. Toys are not allowed at school unless there is a specific request from a teacher for educational purpose. Personal items may be confiscated and parent(s) called to pick up the item if a student misuses or disrupts the educational environment.

If a student is ill or needs to get a message to a parent or guardian, he/she should notify the school office. Students may not access the open internet on any personal device. If a student is suspected of having inappropriate pictures or video on their cell phone on school property, legal authorities will be contacted. The principal may grant permission for students to carry a cell phone for special events or activities (i.e. field trip).

Consequences for Misuse of Personal Electronic Device:

- 1st Device held in office until end of the school day
- 2nd Device held in office until end of the school day and parent notification

### **Electronic Games/Music**

Students are not allowed to play with electronic games during school hours. For example, Gameboys, iPods or MP3 players and radios will not be allowed.

### **Hall & Gym Lockers**

- A hall and gym locker, each with a lock, will be assigned to each junior high student.
- Each student must use his/her assigned locker.
- Locker combinations must be kept confidential.
- Students are responsible for the locks issued to them. Students not returning locks at the end of the year will be billed \$10.00 to replace the lock.
- Locks not provided by the school may not be used unless provided as an accommodation in a student’s Section 504 plan or IEP.
- No food or beverages are allowed in lockers.
- Lockers are school property and may be searched by the building principal or a designee.

### **Lost and Found**

A lost and found table is set up in the library. We encourage students and parents to check for lost items periodically. Each year we have many unclaimed items due to the fact we cannot identify who owns the item. It is strongly recommended that students put their names in clothing such as coats, jackets, back packs, lunch boxes, physical education clothes, etc.

## **Part 2: General Procedures**

### **School Day**

The instructional school Day for **in-person instruction** is from 8:00 a.m. to ~~3:05~~ 1:00 p.m. **Instructional staff members will meet with students learning remotely between 1:00 p.m. and 3:00 p.m. Once we are able to return to 100% in-person instruction our school day will be from 8:00 a.m. to 3 p.m.**

### **Arrival**

Students may be dropped off at the front doors. Doors are unlocked promptly at 8:00 a.m. Students shall report directly to the assigned classroom. Students will be served breakfast in the classroom between 8:00 and 8:30 a.m. Students arriving after 8:00 a.m. must be accompanied by a guardian or designee to sign the child(ren) in at the front office before being admitted into class. Students arriving after 8:00 a.m. will be marked tardy or absent a portion of the day.

### **Dismissal**

Students riding the bus will be dismissed early enough to allow buses to leave promptly at 1:00 p.m. Students being picked up will be dismissed AFTER buses have departed. Parents picking up students shall form a line behind the buses. Parents are asked to remain in their car, travel in a northerly pattern to the front doors and school staff will send student(s) out to you. If someone other than the parent is picking up a child, notification must be provided to the school office. Cell phone use is not allowed in school zones. Vehicles may not pass buses parked in front of the school if the stop arm is out.

### **Early Pick Up Procedures**

Should your student(s) need picked up before the scheduled dismissal, please phone ahead to allow us to prepare your student(s) for leaving early. When you arrive please pull up to the main entrance and call the office from your vehicle. We will escort your child out to you and allow you to sign out your child from your vehicle.

### **Change Of Plans**

Should your child have a change in the regular pick up routine, the school office must be notified prior to 12:30 p.m. or your child will follow his/her normal routine.

### **Bus Procedures**

Students who ride the bus shall only ride their assigned bus. Students should arrive at the bus stop at least five minutes prior to the scheduled pickup time. Parents/guardians shall ensure that children are at the scheduled bus stop in time. Parents/guardians should also be at the bus stop upon the child's return at the end of the school day. Younger students will not be dropped off unless a parent/guardian is in sight of the driver. See Transportation section for more details.

### **Reporting an Absence**

Parents/Guardians must notify the office of a child's absence for in-person or remote instruction by 9:00 a.m. Failure to notify the office within 24 hours may result in the absence being unexcused. Parents/Guardians will be contacted by phone each day concerning their child's absence if the office has not been notified. See Attendance section for more details.

### **School Closing and Cancellation**

During the course of the day weather conditions may change or an emergency situation may force school to be dismissed early. As soon as a decision is made to close school, announcements will be broadcast on the local radio and TV stations and automated messaging system. In the event school is cancelled before school begins, cancellation announcements will be made at approximately 6 a.m. When possible, cancellations will be announced by 10 p.m. the evening before. Parents will be notified by phone or email via the automated messaging system. Please ensure the school office has current contact information on file to reach you in case of emergency. Also, please be sure your family has a plan should an emergency school closing arise.

### **Recess Procedures**

Students will be taken outdoors for recess when the weather permits (20 degrees F or warmer with wind chill). Students should be prepared for recess with appropriate shoes and outerwear. Any child who must remain indoors because of illness may be excused from recess for 3 days by a written note from home. If there continues to be a need for the child to stay inside after 3 days, a doctor's excuse will be required. If a child cannot participate in physical education due to an injury or illness he/she will not be allowed to participate in recess or physical activities.

### **Parent/Teacher Conferences**

We value parent input and encourage families to attend conferences. Parent/Teacher conferences will be scheduled at the end of first quarter and the end of third quarter. Dates can be found on our school calendar. Our schedule includes daytime and evening slots in attempt to fit family schedules. Please do not hesitate to contact your child's teacher **any time** you have a concern.

### **Open House/Back to School Night**

An open house/back to school night is typically held at the beginning of the year. At this time, our Open House/Back to School Night is postponed until our area reaches Phase 5.

### **Transferring to Another School**

When a student transfers to another school or ceases to attend DCES he/she must:

- Pay all fees and school debts,
- Return all library books,
- Turn in all textbooks to classroom/homeroom teacher,
- Student records will not be transferred until all of the above requirements are met.

## Part 3: Attendance

### Compulsory School Attendance in Illinois

Illinois law requires that whoever has custody or control of any child between six (by September 1<sup>st</sup>) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

### Attendance Policy

The following attendance policies and procedures apply to students attending school remotely or in-person.

Parents/Guardians hold the key to good attendance. The student who is permitted to miss school for anything other than a legitimate reason is often the one who soon loses interest in school and becomes a potential dropout. Parents and students should be aware that there is no way the actual classroom experience can be recreated.

Regular punctual patterns of attendance are expected of each student enrolled at Dallas City Elementary School. Absences and tardiness are to be kept at a minimum. Regular school attendance is vital to a student's success in school. After an absence, the student must assume responsibility for seeking out and completing his/her assignments.

There are two types of absences: excused and unexcused. The school may require documentation explaining the reason for the student's absence to determine an absence being counted as excused or unexcused.

#### **Excused absences include:**

- Personal Illness\*
- Medical appointment
- observance of a religious holiday
- death in the immediate family
- family emergency
- situations beyond the control of the student (i.e. no power, road closed etc.)
- circumstances that cause reasonable concern to the parent/guardian for the student's safety or health
- attending a military honors funeral to sound TAPS
- other reason as approved by the principal

**---All other absences are considered unexcused---**

*\*Students will be permitted 3 personal illness days per semester. After 3 days of illness, a doctor's excuse will be required to be considered excused.*

In the event of any absence, the student's parent or guardian is required to call the school at 217-852-3201 before 9:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

#### **Release Time for Religious Instruction and Observance**

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

#### **Release Time for Active Duty Parents**

A student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

#### **Home and Hospital Instruction**

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact Mrs. Tucker.

#### **Medical Appointments**

Any student who has a personal medical appointment needs to bring medical verification upon his/her return to school or request the doctor's office fax verification to 217-852-3203 for the absence to be considered excused.

### **Pre-Arranged Absences**

If a student plans to be absent from school for any reason other than illness he/she needs to:

- At least 48 hours before absence, obtain and complete a pre-arranged absence form from the office. The principal must sign the form before it is submitted to the teachers for assignments.
- Students are responsible for securing assignments from teachers for work to be covered during their absence and to turn in work on date set by teacher.
- Arrangements for any extended absence (three or more days) must be approved by the principal a week in advance and all teachers must be notified.

### **Make Up Work**

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. **Students who are unexcused from school will not be allowed to make up missed work.**

Following an excused absence, a student will have the number of days absent plus one to turn in the missed work. Exceptions can be made in extenuating circumstances. Please contact the teacher or the principal if an exception is necessary.

- It is the student's responsibility to gather missed work, complete and turn in.
- If a K-5 student is absent, a parent may request homework for that day by calling the school and leaving a message on the teacher's voice mail.
- If a 6-8 grade student is absent, a parent may request homework for that day by calling the school office before 10:00 a.m. with the request.
- When homework is gathered for a student, parents are asked to make arrangements with the office to pick up homework or send with another student.
- Homework may be picked up at the office after 3:00 p.m. after the 2<sup>nd</sup> day of absence.

### **Truancy**

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truants. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

The Hancock county Truancy Officer will visit schools on a regular basis to make pro-attendance lectures, lead discussions, counsel, visit homes and generally advocate school attendance for those students who are chronically absent from school. Students who exceed the 9 days more of the prior 18 regular school days will be reported to the Hancock County Truancy Officer. For example, in September last year's attendance records count toward a student's prior 180 days of school. The truancy officer can be reached at (309) 575-3226, 130 S. Lafayette Street, Suite 200, Macomb, IL 61455.

### **Tardiness and Truancy**

One of the most important times of the school day is the morning. This is the time when important school news is announced, teachers define the plans for the day, and instructional goals are reviewed and set. The whole tone of a child's school day is set in the first part of the day. Please help support your children in learn the habit of arriving on time which will help them be successful at school and throughout life. School attendance is counted in minutes of time. Therefore, your child may become "truant" by arriving late repeatedly.

### **Tardy Consequences per Quarter for Grades 6-8**

Students are counted tardy if they are not in their classroom when the bell rings. This includes not only between core classes but also at the beginning of the day, lunch period, physical education etc.

1-4	Tardies	Conference with teacher and/or lunch detention and/or parent contact
5-9	Tardies	5 days of lunch detention and parent contact
10-14	Tardies	30 minute after school detention and parent contact
15-19	Tardies	60 minute after school detention and parent contact
20+	Tardies	1 day alternative education placement and parent contact

### **Attendance Guidelines**

- Students should not come on the campus for any reason on a day that they are reported ill or serving out of school suspension unless they have made arrangements with the principal.
- Students must be in attendance by 10:30 a.m. to participate in any extracurricular activities or field trips that day unless prearranged with the principal.
- Weekend activities are governed by Friday's attendance. Exceptions will be made for extenuating circumstances which need to be cleared through the principal.
- Students who are ineligible may not leave school early to attend games, contests or events.
- Students serving Alternative Education Placements (AEP) or Out of School Suspension (OSS) may not attend any school function. The student is expected to leave the building after the school day and is not allowed on school grounds after school.

## **Part 4: Academics**

Dallas City Elementary School teaches students curriculum in alignment with State statutes and regulations. The Illinois Learning Standards are standards set forth for all public schools in Illinois. Students are taught core subjects including English Language Arts, Reading, Math, Science Social Studies, Health, Physical Education, Art and Music. Other topics students will be instructed on include:

- drug and substance abuse prevention
- prevention-oriented child sexual abuse program which teaches age-appropriate, techniques to recognize child sexual abuse and tell a trusted adult
- In grades 7 and 8, as well as in interscholastic athletic programs, steroid abuse prevention will be taught
- violence prevention and conflict resolution
- age-appropriate Internet safety
- character education including respect, responsibility, fairness, caring, trustworthiness, and citizenship in order to raise students' honesty, kindness, justice, discipline, respect for others, and moral courage
- prevention of and response to bullying, intimidation, and harassment
- citizenship values, including: (a) patriotism, (b) democratic principles of freedom, justice, and equality, (c) proper use and display of the American flag, (d) the Pledge of Allegiance, and (e) the voting process
- career/vocational education
- conservation of natural resources including: (a) home ecology, (b) endangered species, (c) threats to the environment, and (d) the importance of the environment to life as we know it
- United States government and history including, but not limited to, the Holocaust and crimes of genocide, the history, struggles, and contributions of women and Black History

### **Curriculum Concerns**

The curriculum may contain certain topics or activities that parents/guardians may find objectionable. The parent/guardian must submit a written objection to the Principal. If reasons are found to be valid, the student shall not be required to study that portion of the course and an alternative assignment may be given.

### **Restricted Lunch for Grades 6-8**

Junior High students who do not hand in complete assignments may serve a restricted lunch. Restricted lunch means the student is assigned to a separate table in the cafeteria to eat and complete assignments or read a book. Students will not be allowed to visit with friends or move about the cafeteria. A student who serves three restricted lunches in one week will be assigned an after school detention. If a student serves two detentions for restricted lunch in one quarter a parent conference will be held with the teacher(s) and principal.

### **Family Life & Sex Education Classes**

Students will not be required to take or participate in any class or courses in comprehensive sex education, including in grades 6-12, instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS; family life instruction, including in grades 6-12, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits

instruction in sanitation, hygiene or traditional courses in biology. 1 Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

### **Physical Education/Health**

All students are required to meet objectives set by the Illinois Learning Standards. These standards shape the skills that must be taught in physical education (P.E.) and health. All students in K-8th grade must have a pair of gym shoes (non-marking white soles), with their names in them. Regular shoes or street shoes are not allowed in the gym.

Elementary students in grades Kindergarten through 8th grade will not dress in uniform for P.E. Girls must wear shorts under dresses or skirts.

*Until the state reaches Phase 5 of the Governor's Restore Illinois plan, the locker rooms will be closed. Also, junior High students will not dress in uniforms for PE. The following information explains procedures should we reach Phase 5.*

Junior High students in 6th through 8th grade are required to dress in uniform for P.E. The P.E. uniform (shirt and shorts) shall be purchased at school. Students may earn 10 points daily for dressing and participating in P.E. Lockers and lockers shall be kept locked at all times. It is the student's responsibility to secure his/her belongings each class period. Personal hygiene is very important. Use of deodorant is a necessity. No aerosol deodorants, perfumes or colognes are allowed. Uniform shirt and shorts may only be worn for P.E. No jewelry may be worn in P.E. class with the exception of post/stud earrings.

The P.E. uniform consists of black shorts and red shirt, white socks and gym shoes that may only be worn during P.E. class. Students are held responsible for being prepared for P.E. class with a freshly laundered uniform at the beginning of each week. Student's not dressing in gym shoes and/or P.E. uniform will count as a "No Dress".

Consequences for "No Dress" include:

1. Students will not earn the 10 points.
2. Students may be provided an alternate assignment or task such as a writing/research assignment, score keeping, walking the perimeter etc.
3. The third time within a quarter a "No Dress" occurs will result in student calling home to inform parents.
4. The fourth time within a quarter a "No Dress" occurs will result in a lunch detention.
5. The fifth time within a quarter a "No Dress" occurs will result in a before school (breakfast) or lunch detention.
6. The sixth time within a quarter a "No Dress" occurs will result in a student being issued a half hour after school detention.
7. Students not dressing for PE may not be allowed to participate in extracurricular activities that day.

### **Excusal/Exemption from PE Requirement**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

When a student is excused from physical education, he/she may not participate in recess, extracurricular sports activities or physical class activities. He/she will be provided an alternate activity such as walking (if permitted) or a writing assignment.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in the Student Handbook. Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

### **Title I**

Title I is a federal program which helps provide funding to schools with more than 40% of students coming from low-income families. The purpose of the Title I program at Dallas City Elementary is to focus instruction in reading and math for all students. All students at Dallas City Elementary receive Title I supports.

### **RtI**

Response to Intervention (RtI or RTI) is an approach to academic and behavioral intervention used to provide early, systematic, and appropriately intensive assistance to children who are at risk for or already underperforming as compared to appropriate grade- or age-level standards. RTI seeks to prevent academic and behavioral failure through universal screening, early intervention, frequent progress monitoring, and increasingly intensive research-based instruction or interventions for children who continue to have difficulty. RTI is a multileveled approach for aiding students that is adjusted and modified as needed.

### **Special Education**

Special Education services are provided to students who are found to be eligible. A multidisciplinary team will determine the educational program based on the individual needs of the child. Individual plans are designed to meet individual needs. Students receive service within their homeroom (inclusion) and/or within the special education classroom. Dallas Elementary School District 327 is a member of the West Central Illinois Special Education Cooperative (WCISEC).

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for who it is determined that special education services are needed. It is the intent of

the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Referral to the district for preliminary evaluation may be made by school personnel, parent(s)/guardians(s), persons having primary care and custody, community service agencies, other professionals having knowledge of the student's need, the student, or the Illinois Board of Education, when there is reason to believe that a child may require special education services.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provision of this Illinois Law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

For further information, please contact:  
Mrs. Alissa Tucker, Principal  
217-852-3201

### **Related Service Logs**

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

### **Discipline of Students with Disabilities**

#### **Behavioral Interventions**

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

#### **Discipline of Special Education Students**

The District shall comply with the Individuals with Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

### **Exemption From Physical Education Requirement**

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or

2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program. (law)

### **Request to Access Classroom or Personnel for Special Education Evaluation or Observation**

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

For further information, please contact the building principal.

### **Counseling Services/Social Work/School Psychologist**

A counseling staff, including counselor, school social worker and school psychologist, is available in our building two to three days per week. Students who are experiencing particular academic difficulties are encouraged to visit a member of the counseling staff as a channel of communication regarding study skills, contacts with teachers or other concerns. Students may have a scheduled time to meet with the social worker or psychologist unless it is an emergency.

The school social worker may provide individual, small group and whole group sessions on topics that affect students. Some of the topics covered are making appropriate/safe choices, bullying, suicide, divorce/death in the family and relationships.

Students are encouraged to visit with the counseling staff regarding personal concerns before the concerns negatively affect the student's everyday living. The counseling staff can provide support, understanding and emotional outlet for students needing assistance.

Additionally, the school social worker and psychologist administer assessments to determine eligibility for special education services.

## Part 5: Testing, Grading and Promotion

### Testing/Assessment Program

Students and parents/guardians should be aware that the State and District require students to take certain standardized tests, including the following:

- Students in grades K-8 will participate in MAP (Measures of Academic Progress) for demonstrating individual student growth in reading and math.
- Students in grades 3-8 will participate in IAR (Illinois Assessment of Readiness). This is the standardized test administered throughout the State of Illinois to determine student proficiency in meeting learning standards in English Language Arts, Reading and Math.
- Students in grades 5 and 8 will participate in the ISA (Illinois Science Assessment). This is a standardized test used throughout the State of Illinois to assess student understanding of science concepts and skills.
- K-8 students will be assessed using AimsWeb as a benchmarking tool to determine which students might be in need of extra educational supports.
- K-8 students will be assessed using the STAR test to determine a student's reading level range for Accelerated Reader books.
- K-8 students will be assessed using Fountas and Pinnell Benchmark assessment to determine student growth in reading and writing concepts.

Parents/Guardians are encouraged to cooperate with school personnel and assist their students in achieving best performance by doing the following:

- Encourage students to work hard and study throughout the year
- Ensure students get a good night's sleep the night before exams
- Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein
- Remind and emphasize the importance of good performance on standardized testing
- Ensure students are on time and prepared for tests with appropriate materials
- Encourage students to relax on testing day

### Grading Scale

The following grading scale is used to convert letter grades:

A = 95-100	B+ = 93	C+ = 83	D+ = 73	
A- = 94	B = 85-92	C = 75-82	D = 67-72	
	B- = 84	C- = 74	D- = 66	F = 0-65

### Grade Point Scale

A = 4.0	B+ = 3.3	C+ = 2.3	D+ = 1.3	
A- = 3.7	B = 3.0	C = 2.0	D = 1	
	B- = 2.7	C- = 1.7	D- = 0.7	F = 0

Letter grades range from 4.00 for an "A" to zero (0) for an "F". To be eligible for honor roll students must have completed all courses taken during the quarter.

High Honors 3.80-4.00	Honors 3.50-3.79	Honorable Mention 3.00-3.49
-----------------------	------------------	-----------------------------

### **Progress Reports-Report Cards**

Progress is the very foundation of education. It is the school's obligation to give private periodic reports of a student's progress. These reports are a vital form of communication between the school and the parents/guardians. In addition to the periodic reports, parents/guardians will be notified when a student's performance requires special attention and concern.

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

### **PowerSchool Access**

Student's individual classroom grades and assignment information is posted for parents/guardians and students to view. Parents/guardians are encouraged to register for their confidential password through the office. Effort will be made by all teachers to update grade books quickly and accurately.

### **Dropping Classes (Junior High)**

Students are permitted to withdraw from Band or Chorus only during the first week of a semester. It is in the best interest of the group and individual to make a semester commitment to participation. Notice to withdraw must occur during the first week of the semester and must be written by the student's parent/guardian. Withdrawal at any other time will result in a failing grade for the remainder of the semester.

### **Promotion and Retention**

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing and parent input. A student will not be promoted based upon age or any other social reason not related to academic performance. Every effort will be made to assist in a student's remediation.

Students in Junior High failing any core subject at the end of the year may be required to repeat that grade. Junior High students may be required to pass on-line courses through the district's distance learning center. Other means to recoup points may be determined in extenuating circumstances. The cost of the course may be charged to the family.

### **Summer School**

If summer school is offered, students who need extra academic support will be recommended to attend. If the child does not attend summer school the child could be retained in his/her current grade placement.

## **Part 6: Student Activities**

Dallas City Elementary School believes that participation in school activities is an important part of the student's education. Student activities develop leadership, cooperation, initiative, competitive spirit, social poise and confidence that will be reflected in students' academic performance. The goal of any extra-curricular program is to provide a well-rounded education for all students. Athletics and extracurricular activities are thought of as "co-curricular" because of their close link to the district's educational process. **More information regarding co-curricular policies and rules can be found in the Activities Handbook.**

### **Awards/Student Recognition**

Awards are given out during the school year to recognize students and to celebrate achievements.

### **Clubs and Activities**

The following clubs and activities are available for junior high students of Dallas City Elementary School:

- Student Council
- Speech Team
- Scholastic Bowl
- Band
- Chorus
- Spring Musical
- Dances

### **Attendance at School-Sponsored Dances**

Attendance at school-sponsored dances is a privilege.

Only students who attend Dallas City Elementary School may attend school-sponsored dances, unless the principal or designee approves a student's guest in advance of the event. A guest must be "age appropriate," defined as the same grade level or one year behind or one year ahead of the DCE student.

All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances.

Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

### **8th Grade Class Trip**

Each year eighth grade students take a special class trip. Class members are expected to contribute with their share of time and effort to accomplish the goal of raising enough money to cover the expenses of the trip. However, the trip is a privilege not a rite of passage.

A student cannot participate in the class trip if during the 8th grade school year he/she:

- has accumulated 6 or more combined ISP, OSP or OSS,
- has 2 or more days unexcused absences or is chronically truant,
- has outstanding school fees,
- is failing 1 or more classes for the year.

### **8th Grade Promotion Ceremony**

Eighth grade students will participate in a promotion ceremony. The ceremony will be held during the last week of school and will be scheduled for the evening. If days of school are scheduled after the promotion ceremony, students are expected and encouraged to attend. Family and friends are encouraged to join the promotion ceremony celebration.

- Fees owed to the school must be paid before graduation in order for the student to be included in the ceremony.
- Student must not have accumulated 6 or more combined ISP, OSP or OSS,
- Student must not be failing 1 or more classes for the year.
- Caps and gowns are required attire for participation in the ceremony. The school has caps and gowns available to borrow the evening of the promotion ceremony. If desired, parents may purchase caps and gowns.

### **Dallas City/LaHarpe Cooperative Activities**

The following sports and activities are offered to eligible 5th-8th grade students:

- Scholastic Bowl
- Boys' and Girls' Basketball
- Boys' Baseball
- Girls' Volleyball
- Boys' and Girls' Track and Field
- Boys' and Girls' Cross Country

### **Admission fees to Sports Events (Subject to Change)**

Adults	\$3.00
Students	\$2.00
Senior Citizens (55 or older)	\$2.00

### **Guidelines for Co-Curricular Activities**

- Students are expected to conduct themselves at extra-curricular activities and events in accordance with the same standards that apply in other school situations. Students shall be subject to the directions of school personnel while in attendance at extracurricular activities. Failure to adhere to the directives or school rules governing student conduct at an extracurricular event can subject the student denial of attendance at other such events or, where warranted, suspension or expulsion as provided under these policies.
- Before a student can participate in an event, the school must be provided with proof of insurance coverage on the participant or have a waiver in place.
- Students may not participate in evening or after-school activities on a full day of absence due to illness, out of school suspension or in-school suspension.
- Students must be in attendance by 10:30 a.m. to participate in any extracurricular activities or field trips for that day, unless prearranged with the principal
- Weekend activities are governed by Friday's attendance. Exceptions need to be approved by the principal.
- Students who are ineligible cannot be excused early from school to attend a game, event or contest.

- All athletes will follow guidelines of coaches, the Athletic Director and the Athletic Handbook.

### **Eligibility- No Pass/No Play**

Participants in athletics and/or co-curricular activities must be earning a grade of 60% or higher in each class to remain eligible. Passing work shall be checked Wednesday by 3:00 to govern eligibility for the following Monday through Saturday.

Grades for eligibility will be figured from Wednesday at 3:00 through Wednesday at 3:00 of the following week. Students reported ineligible at the time of an eligibility check cannot become eligible during the Monday-Saturday period. The eligibility check shall be the same day each week unless school is not in session.

### **Student Behavior at Co-Curricular and Extracurricular Activities**

- Students younger than 6th grade must be accompanied by an adult (16 or older) to all activities.
- Students shall remain with an adult at the activity. No students may be left unattended.
- Once a student leaves a school activity he/she may not return and may not linger on school property.
- Food and covered drink are allowed in the gym. Please respect the area by cleaning up messes and removing trash.
- Show good sportsmanship by remaining in the gym/event area to watch the activity
- Students and parents are expected to exercise good sportsmanship. For example: quiet when the other team shoots free throws, restraining from booing or making other derogatory noises or statements and by congratulating the opposing team. This list is not all inclusive.
- No smoking on school property.

## Part 7: Student Fees

### Enrollment and Registration

The school establishes fees for enrollment and registration. These fees are due at the time of registration.

Some students may be unable to pay the Enrollment and Registration fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for planners, P.E. uniforms, lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for Enrollment and Registration fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

### Enrollment and Registration Fees

	Regular	Eligible for Reduced	Eligible for Free
K through 8th Grade	\$65	\$45	No Fee

### Other Fees

Planner (Grades 3-5)	\$3
P.E. Uniform (Grades 6-8)	\$16

### School Owned Textbooks, Materials, Supplies and Equipment

Students are responsible for proper care of textbooks, locks, materials, supplies and equipment. We understand supplies and materials wear over time. We expect students to treat

school property with respect and care. Students are, therefore, responsible for damage to or loss of school owned items. A student will be assigned a fine for improper care leading to damage or loss of school owned items. Textbooks, specifically, are rather costly to replace. Therefore, teachers may require students to use book covers to protect textbooks. Do not store papers or materials in textbooks. Writing or marking in text is prohibited.

## **Part 8: Transportation, Busing and Parking**

Dallas Elementary School asks that all students use buses provided as transportation to the and from the building or by transported by car. As designated by the Illinois State Board of Education, the district will not allow students to walk or ride bikes to or from school due to the lack of sidewalks and extreme danger of highway traffic. Please contact the district office if you have questions regarding this request.

### **Parent Guidelines for Transportation To and From School**

Our driveway is a one-way drive. Enter on the south end and travel and exit in a northerly fashion.

Students may be dropped off and picked up at the front doors anytime between 7:55-8:00 a.m. Doors will not open until 8:00 a.m.

Students being dropped off after 8:00 a.m. must be signed in/~~out~~ at the office by a parent or designee. Please park your vehicle in a designated parking spot. Should your student(s) must be picked up before the scheduled dismissal, please phone ahead to allow us to prepare your student(s) for leaving early. When you arrive please pull up to the main entrance and call the office from your vehicle. We will escort your child out to you and allow you to sign out your child from your vehicle.

When picking up students after school, wait in line behind the buses, pull up after buses leave and your child will be brought out to you. Cars are not to pass buses while they are loading or unloading.

The entire front of our school is a bus and fire lane. Vehicles MAY NOT be parked in bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles parked in these locations may be ticketed and/or towed by the police. Therefore, do not leave your vehicle unattended in front of the school. If you must leave your vehicle for any reason, park in a designated parking spot.

### **Bus Transportation**

The district provides bus transportation to and from school for all students. Bus stop assignments will be provided to families at student registration.

Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. A student may not ride a bus other than his/her regular route as space is limited on buses during normal routes. Exceptions must be approved in advance by the building principal.

To receive a permanent change in designation of a bus stop, a request must be made in writing to the Transportation Director. A student will be permitted to ride a route to a new permanent bus stop after approval of the Transportation Director. This will become the bus stop the child will utilize for the entire year or the remainder thereof.

The safety of children is our first priority; therefore, a note or phone call must be made if after school arrangements have changed. If there is no note or phone call, the student will be sent home on the bus as required by law.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver.
6. All electronic devices must be silenced and remain in a student's backpack on the bus.
7. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
8. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
9. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
12. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

When hazardous road conditions are present, buses will run on solid roads that have been plowed and are deemed safe. The bus driver will notify the school and the school will then contact the parent(s)/guardian(s) of student they could not pick up. If poor conditions persist at the end of the school day, parents will need to pick up their child at the school.

For questions regarding school transportation issues, contact Mrs. Angie Wisehart, Transportation Director (217) 852-3204 ext. 1007.

### **Bus Conduct**

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

## Bus Rider Cellphone Guidelines

- Cell phones may be used for emergency purposes only.
- Cell phones may be placed on vibrate but may not be visible while on the school bus.
- Students may not use cell phones for social reasons.
- Using the cell phone for text messaging, taking pictures or videos of self or others and/or illegal activities will be considered inappropriate use of the cell phone.
- Parents/students will assume any and all responsibility for loss of the phone and will be responsible for its safe keeping.

Students may only use their cell phones on sports/activity trips in two situations: in order to call a parent for a ride and in a medical emergency situation.

### Consequences for Misuse of Personal Electronic Device in addition to Bus Misconduct

#### Consequences:

- 1st Device held in office and/or on bus until end of the school day/bus ride
- 2nd Device held in office and/or on bus until end of the school day/bus ride and parent notification
- 3rd Device held in office until parent picks up the device
- 4th Device no longer allowed at school or on bus

Students are expected to follow all school rules when riding the school bus. A student may be suspended from riding the bus for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy
2. Willful injury or threat of injury to a bus driver or to another rider
3. Willful and/or repeated defacement of the bus
4. Repeated use of profanity
5. Repeated willful disobedience of a directive from a bus driver or other supervisor
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants

For gross bus misconduct by a student, the bus driver shall notify the principal. Bus misconduct will result in the following consequences:

1. Verbal warning by the driver
2. Verbal warning and the driver will notify parents
3. Written referral to the office. The principal will issue appropriate consequences for the violation. Typically, disciplinary actions will be:
  - a. 1st referral - one to three day bus suspension with parent contact
  - b. 2nd referral - three to five day bus suspension with parent contact
  - c. 3rd referral - five to ten day bus suspension and requires conference with parents, bus driver and superintendent to validate why the student should not be permanently prohibited from riding the bus for the balance of the school year

The principal may, if he or she deems the offense sufficient to warrant it, suspend the student on the first offense. Parents/guardians will be notified of the suspension and the reason by phone if possible. The parents/guardians may request a hearing before the Principal and/or Superintendent. If such hearing is not satisfactory, the parent/guardian has recourse to a

hearing before the Board of Education. A request for a hearing before the Board should be made with the Superintendent. A suspension from riding the bus is not suspension from school. The child is required to be in school even though suspended from riding the bus. A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

## **Part 9: Health and Safety**

### **Required Health Examinations and Immunizations**

All students are required to present appropriate proof of a health examination and the State required immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering PreK or Kindergarten
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Please note: IESA/IHSA sports physical forms MAY NOT be used as the required school health exam. However, a physical exam completed on the "Certificate of Child Health" form may be used as a sport physical.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

All students entering, advancing, or transferring into grades K-12 will be required to show proof of administration of two doses of MMR vaccine and two doses of Varicella vaccine.

Students entering grades 6-8 must show one dose of Tdap and one dose meningococcal vaccine.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

### **Eye Examination**

All students entering kindergarten or an Illinois school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

### **Dental Examination**

All students entering kindergarten, second and sixth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

## **Exemptions**

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

## **Certified Copy of Birth Certificate**

A certified copy of the student's birth certificate must be on file on or before October 15.

## **Administering Medicine to Students**

Parents have the primary responsibility for the administration of medicine to their children. The administration of medication while a student is at school shall, therefore, be avoided when possible. The School recognizes that occasionally medication must be administered during the school day. A member of the office staff, designated by the Principal, shall either: (1) supervise the child self-administering the medication, or (2) administer the medication him or herself. Medications must be in the original containers labeled with the student's name. The school or its employees **WILL NOT** supply over-the-counter medications.

## **Student Medication**

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

## **Self-Administration of Medication**

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

### **Administration of Medical Cannabis**

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

### **Undesignated Medications**

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

### **Designated Caregiver Administration of Medical Cannabis**

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IPDH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a School Medication Authorization Form-Medical Cannabis.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational

environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

### **Other Medication Guidelines**

- Prescription medications must be in the original container with a complete pharmacist's label fully visible. (Sometimes, the prescription needs to be dispensed into two labeled containers by the pharmacist, one for home and one for school.)
- If medication must be measured it will be necessary to send proper measuring instruments.
- The administration, storage and management of medicine will take place in a designated area in the office.
- Parents shall bring medication to school for young children instead of sending it with the child.
- A parent/guardian or designee may come to school to personally administer medication.
- Students will be responsible for taking their medication at the proper time.
- All medication, over the counter and prescription, must be provided by parents/guardians and a completed and signed School Medication Authorization Form must be on file.

### **Illness/Injury at School**

Students who become ill or are injured at school will be given first aid. Parents will be notified. In case the parents cannot be contacted, the school will use the name of the "emergency contact" on the emergency form. In extreme emergencies, we will contact emergency medical personnel.

Please keep your child at home if he/she has:

1. Fever in the past 24 hours 100 degrees or higher (must be fever free for 24 hours);
2. Vomiting in the past 24 hours
3. Diarrhea in the past 24 hours
4. Strep throat (must have been taking an antibiotic for at least 24 hours before returning to school)
5. Bad cold, with a very runny nose or bad cough, especially if it has keep the child awake at night
6. Head lice – live bugs or nits (lice eggs)
7. Rash with fever
8. Pinkeye (must be on antibiotic eye drops for 24 hours, which includes 4 doses, before returning to school)
9. Diagnosed with COVID-19. If your student has been diagnosed with COVID19, he/she may return to school when all 3 criteria are met:
  1. At least 3 days (72 hours) have passed since recovery (no fever without the use of fever-reducing medications); and
  2. The student has improved in respiratory symptoms (cough, shortness of breath, etc); and
  3. At least 7 days have passed since symptoms first occurred

- If a student has symptoms that could be COVID19 and do not get evaluated by a medical professional or tested for COVID19, it is assumed that he/she has COVID19 and may not return to school until the three criteria listed above have been met.

### **Emergency Aid to Students**

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

### **Communicable Disease**

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

### **Head Injuries and Concussion**

Students who experience head injuries including a bump, blow or jolt to the head while at school will be immediately brought to the office.

Office personnel will:

1. Administer appropriate first aid
2. Monitor the student for signs and symptoms of concussion for a minimum of 30 minutes
3. Notify parents/guardians

Students with no signs or symptoms of concussion will return to class.

Parents/guardians will be notified immediately if the student experiences one or more of the signs or symptoms of concussion. The child experiencing signs of concussion will be referred to a healthcare professional for evaluation for concussion. The student may return to school after being released by a medical professional.

For information on concussions and the concussion protocol in sporting events, please refer to the Activities Handbook.

### **Head Lice**

The school will observe the following procedures regarding head lice.

1. Parents are required to notify the school office if they suspect their child has head lice.
2. All siblings of an infested student will be checked and if lice or nits are found they, too, will be sent home.
3. Infested students will be sent home following notification of the parent or guardian.

4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by school office personnel and the child is determined to be free of the head lice and eggs (nits).
5. Infested children are prohibited from riding the bus to school to be checked for head lice.

### **Students Who are A Danger to Self or Others**

Students who indicate they are planning to hurt themselves or others will not be sent home on a bus. Parent/guardians will be contacted. If there is eminent danger to the child emergency personnel will be contacted. In case the parent/guardian cannot be contacted by the time school is over for the day, authorities will be contacted and the child transported to the nearest medical facility. The child will not be readmitted to school until a meeting can be arranged.

Juvenile authorities will be notified when a student threatens the life or lives of others. Parents/guardians will be contacted about the nature of the threat. The child will not be admitted back into school until a meeting can be arranged with the parent, child and principal.

### **Insurance**

Each student, upon entering school, may purchase school insurance. This insurance plan covers all injuries and accidents that occur in connection with school activities during the school day. Additional twenty-four hour coverage can be purchased which will insure the child at all times. All communications should be directly between the parent and the insurance company. The school does not provide insurance coverage for personal property of students.

### **Safety Drill Procedures**

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

## **Part 10: Discipline and Conduct**

Dallas Elementary School believes that the maintenance of good discipline is essential to the proper advancement of the educational program. Students are expected to be courteous, diligent, honest, and respectful and to abide by the rules and regulations of the school district.

### **PBIS, Character Education & Social Emotional Learning**

In an effort to assist students in making positive choices, staff will instruct students in behavioral expectations using the PBIS system (Positive Behavioral Interventions and Supports), character education using 7 Habits and assist students in social emotional learning.

### **General Building Conduct**

All students shall conduct themselves in an orderly and appropriate manner while at school and while participating in or attending school-related events. ### **Dress Code Violation**

Students who wear clothing in violation of the dress code may be required to change clothes and/or parents notified to bring a change of clothes. Teachers may use the following disciplinary actions: verbal reprimands, behavior contract, classroom detention, counseling, withdrawal of privileges, conference with the student, conference with the parents/guardians and/or other options as determined by the teacher. If a student's behavior is so disruptive as to require removal from the classroom the teacher may make an immediate office referral.

Before a teacher or staff member writes an office referral for a student except in cases of gross misconductll the teacher or staff member will use all of the following steps:

- Verbal warning telling the student to quit the behavior
- Talking with the student in private about the behavior that must stop
- Talking with parent/guardian
- Issuing a class detention

## **Remote Learning Guidelines and Expectations (K-8)**

As students transition to remote learning opportunities at Dallas City Elementary School, we need to be mindful of appropriate behavior when using video conferencing and two-way communication applications such as Google Meet. Our positive school climate must extend into our new reality with remote learning. Please help your child maintain this climate by adhering to the following:

### **Be respectful and school-appropriate at all times**

Please monitor your children as they access the online learning environment. Be mindful that live lessons are typically 30-minutes or less, so students need to refrain from disrespectful or disruptive behavior in the virtual classroom. Teachers reserve the right to mute students whose behavior interrupts the learning environment.

### **Be present and mindful of others**

Please prepare your children to be engaged in the virtual learning classroom prior to each live lesson. It may be helpful for students to have a good breakfast or snack prior to morning lessons and a good lunch or snack prior to afternoon lessons. Encourage your children to use the bathroom prior to logging in to each lesson to avoid unnecessary interruptions.

### **Practice active listening**

Active participation in a virtual learning environment can be tricky as only one voice can come through at a time. Students who are able to write may use the chat feature to type questions or comments during a live lesson. Please help your children get used to this feature and to the virtual learning environment by either talking with your child about how it works or hosting your own Google Meet with your child(ren) from different rooms in your house. Teach children how to mute themselves, use the chat feature, and how to enter into conversations by waiting for a pause in the discussions.

### **Be punctual**

Because live lessons will be less than 30 minutes, please make sure to log in a few minutes prior to the start time of the lesson. This will allow lessons to start on time and give students the best learning experience possible. If your child is unable to attend a lesson, please email his/her teacher so the teacher is not concerned about your child's lack of attendance. Teachers will be recording their lessons and sharing them with their classroom families. Of course, it is best for students to participate in the live lessons in most cases, but we do understand that this will not always be possible.

### **Be aware of your surroundings**

Find a place in your residence that is free from distractions where you can also be comfortable and focus on connecting with your class. Be mindful of your surroundings and what may be seen while you are on video and remove noisy distractions like pets, TV, and music. Help your child learn to mute his/her microphone when not speaking.

### **Speak clearly**

Help your child practice speaking clearly in the virtual classroom setting. This may take some practice, as younger students don't always have an understanding of how their voice sounds through a mic. Have some fun practicing this with your child and getting them used to hearing themselves speak into a mic prior to joining a virtual classroom.

### **Respect privacy**

As you support your child's remote learning, please be mindful of the privacy of other students in the class. Younger students will require time to adjust to this environment and may forget they are on camera and do or say something silly. Please encourage your children to be especially patient and empathetic to others as they learn and grow as remote learners.

**Recording of class activities by anyone other than the teacher is prohibited** Neither the student nor parent may record, share, or alter the content of live class-related activities. Students may not record any live activity with other students when that activity is for the purpose of school-related work unless express permission is provided by a school official. In cases where a teacher does record a class lesson, he or she will make that recording available only to the students in the class. This posting will happen through secure means. Any sharing of that recording by anyone other than a school official is prohibited.

### **Dress appropriately**

Though we understand that remaining in your homes encourages a more relaxed dress code than the school environment, please follow the dress code guidelines in order to create a learning environment free of distractions. If your child would not wear something to school, he/she should not wear that item during a live lesson.

### **Prohibited Student Conduct**

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling or offering for sale tobacco or nicotine materials, including electronic cigarettes or e-cigarettes.

in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

- f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.
- g. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals..
- 7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.
- 9. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
- 10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.

11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.
12. Engaging in teen dating violence.
13. Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person's personal property.
14. Entering school property or a school facility without proper authorization.
15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (calling 9-1-1); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus or at any school activity.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psych stimulant medication to the student.

### **When and Where Conduct Rules Apply**

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
5. During periods of remote learning.

### **Clear the Room Procedure**

When a student is being disruptive or should a medical emergency occur, it may be necessary to clear the room. During this procedure, students are sent to another classroom or area while the student or staff member receives necessary assistance. Students will be allowed back to the classroom when the situation has resolved.

### **Disciplinary Measures**

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians
2. Disciplinary conference
3. Withholding of privileges
4. Temporary removal from the classroom
5. Return of property or restitution for lost, stolen or damaged property
6. Alternative Educational Placement (In-school suspension)
7. After-school detention or Saturday detention provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules
10. Suspension of bus riding privileges
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be

appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

### **Alternative Education Placement (AEP)**

(Alternative Educational Placement replaces the term “in school suspension”.)

An assignment to Alternative Education Placement results in spending a portion of, or one or more complete school days in a room separate from the regular classroom. The parent/guardian of a student who is assigned AEP will receive notice by phone and mail of the reasons for the placement and how many days the student will serve. The parents/guardians may request a hearing before the Principal and/or Superintendent. If such hearing is not satisfactory, the parent/guardian has recourse to a hearing before the Board of Education. A request for a hearing before the Board should be made with the Superintendent. The student will report to the principal’s office as soon as he or she arrives at school. The student will continue to complete assignments for the assigned day or days to ensure that he/she keeps up with classmates.

Students will receive credit for the classwork the teacher assigned if completed correctly and during the time allowed. The student will not have any contact with other classmates in the building during the length of the placement. Students serving an AEP are not allowed to attend any extracurricular activities or events that occur the same day in which the AEP is served.

### **Suspension**

A suspension is any denial of regular school attendance. Suspensions are utilized for severe behavior(s) and/or after failure of other measures to assist the student in correcting behaviors. A student serving a suspension will not be allowed on school property and may not attend any extracurricular activities or events. All classroom assignments during the period of a suspension must be completed and turned in at the conclusion of the suspension. The parent/guardian of a student who is assigned a suspension will receive notice by phone and mail of the reasons for the suspension, how many days the student will remain suspended from school. The parents/guardians may request a hearing before the Principal and/or Superintendent. If such hearing is not satisfactory, the parent/guardian has recourse to a hearing before the Board of Education. A request for a hearing before the Board should be made with the Superintendent. For detailed information regarding suspensions, refer to Board Policy 7:200.

### **Expulsion and/or Alternative School Placement**

An expulsion is defined as a denial of school attendance for a period in excess of ten days but not to exceed two school years. Many times in lieu of expulsion a student will be placed in an Alternative School. These measures are only used if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student’s continuing presence in school would (i) pose a threat to the health and safety of students, staff or members of the school community or (ii) substantially disrupt, impede or interfere with the operation of the school. For detailed information regarding expulsion, refer to Board Policy 7:210.

### **Isolated Time Out, Time Out and Physical Restraint**

Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

### **Corporal Punishment**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

### **Weapons Prohibition**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a Billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

### **Gang & Gang Activity Prohibited**

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or nonverbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

### **Re-Engagement of Returning Students**

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

### **Prevention of and Response to Bullying, Intimidation and Harassment**

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
- Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

*Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's physical or mental health;
- Substantially interfering with the student's or students' academic performance; or substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing. Students, parents or community members may report anonymously by phoning the "Speak-Up" line at **1-833-507-8423**.

## **Complaint Manager:**

### **Mrs. Alissa Tucker, Principal**

921 Creamery Hill Road  
Dallas City, IL 62330  
dcprincipal@dallascity.k12.il.us

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

## **Sexual Harassment & Teen Dating Violence Prohibited**

### **Sexual Harassment Prohibited**

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
  1. Substantially interfering with a student's educational environment
  2. Creating an intimidating, hostile, or offensive educational environment;
  3. Depriving a student of educational aid, benefits, services, or treatment; or
  4. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

### **Teen Dating Violence Prohibited**

Engaging in teen dating violence at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

### **Making a Complaint; Enforcement**

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence or any other prohibited conduct to the nondiscrimination coordinator, building principal,

assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined. ## Part 11: Internet, Technology and Publications

### Access to Electronic Networks

Electronic networks, including the Internet, are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication.

The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

### Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require students to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

### Curriculum and Appropriate Online Behavior

The use of the District's electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials.

As required by federal law and Board policy 6:60, Curriculum Content, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) Cyberbullying awareness and response. Staff members may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum.

The District's electronic network is part of the curriculum and is not a public forum for general use.

### Acceptable Use

All use of the District's electronic networks must be: (1) in support of education and/or research, and be in furtherance of the goals stated herein, or (2) for a legitimate school business purpose.

**Use is a privilege, not a right.** Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic networks or District computers. General rules for behavior and communications apply when using electronic networks. The District's Authorization for Electronic Network Access contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

### Internet Acceptable Use

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

**Acceptable Use** - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

**Privileges** - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

**Unacceptable Use** - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software, regardless of whether it is copyrighted or de-licensed;
- c. Downloading of copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources, or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- m. Using the network while access privileges are suspended or revoked.

**Network Etiquette** - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that email is not private. People who operate the system have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

**No Warranties** - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any

information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

**Indemnification** - The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

**Security** - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

**Vandalism** - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

**Telephone Charges** - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

**Copyright Web Publishing Rules** - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

**Use of Email** - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.

- c. Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the School District's email system constitutes consent to these regulations.

### **Internet Safety**

Technology protection measures shall be used on each District computer with Internet access. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,
2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
4. Restrict unauthorized access, including "hacking" and other unlawful activities, and
5. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.

### **Authorization for Electronic Network Access**

Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted unsupervised use.

All users of the District's computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

The failure of any student to follow the terms of the Authorization for Electronic Network Access, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

## **Part 12: Student Privacy Protections**

### **Interview by Outside Agencies**

As a general rule, individuals from outside the district may not interview students. Exceptions to this rule are as follows. Investigators from the Department of Children and Family Services have a legal right to interview children suspected of being abused or neglected. Law Enforcement official requests to interview students will be granted only when such an interview is required or permitted by law. The office will attempt to contact parents/guardians when possible. When a parent/guardian is not present, school administration may take the place of the parent/guardian (en loco parentis) to ensure that the student's rights are not violated.

### **Surveys by Third Parties**

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

### **Surveys Requesting Personal Information**

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

A student's parent/guardian may inspect, upon request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

### **Educational Technology Vendors Under the Student Online Personal Protection Act**

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12

school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities

### **Student Records**

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

#### **1. The right to inspect and copy the student's education records within 10 school days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where

the records may be inspected. There may be a small charge for copies, not to exceed \$.35 per page. No one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

**2. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

**3. The right to permit disclosure of personally identifiable information contained in the student's education records, except in certain circumstances, except to the extent that the FERPA or Illinois Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons, juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student and in other cases permitted by law.

**4. The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

#### **5. The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

**6. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

**7. The right to complain to the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.:**

The name and address of the Office that administers FERPA is:  
U.S. Department of Education  
Student Privacy Policy Office  
400 Maryland Avenue, SW  
Washington DC 20202-8520

### **Student Biometric Information**

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

### **Transcripts**

The school or institution to which a student is transferring will make request for transcripts from DCES. Under no circumstances will an official transcript of grades be given to an individual or student. The policy of the school is to mail such requests directly to the school or institution requesting a transcript.

### **Photographs and Video Recordings of Students**

Students may occasionally appear in photographs and video recordings taken by school staff members, other students or other individuals authorized by the Principal. The school may use these pictures with or without identifying the student in various publications including the school yearbook, school newsletter and website etc. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

### **Picture of Students Taken by Non-School Agencies**

The school limits access to school buildings by outside photographers but it has no control over news media or other entities that may publish a picture of a named or unnamed student.
